User Experience Surveys Coming Soon

User Experience Surveys Coming Soon
October 9, 2023

At SameGoal, user feedback is extremely valuable to us. SameGoal is a live system that is constantly updating and we often use input from districts to help guide which items to focus on next.

While we always appreciate when users reach out to us to provide feedback, we are taking steps to be more proactive as we strive to provide the best product and service to our users.

Starting soon, we will begin sending quick and optional user experience surveys to proactively gather input from a wider range of users in an effort to meet the wants and needs of as many of our users as possible.

When we release these surveys, we will be sending in-app notifications to users with a link to the survey. If you receive one of these notifications, we would greatly appreciate it if you took a couple minutes to provide your feedback.
