

Deadlines for Non-Admin Users

Deadlines for Non-Admin Users
August 23, 2024

Districts on the Plus or Pro edition of SameGoal have access to the Deadlines Calendar, which allows users to see past or upcoming deadlines in either a calendar or list view.

Previously, non-admin users could only see deadlines that were assigned to them¹ on the Deadlines Calendar, but now they will be able to see all deadlines for students they have an educational interest in.²

Users could already see this information on an individual student's Deadlines tab, but with the addition of this feature, it will be easier than ever for users to stay up-to-date on next steps for all of their students at once.

Steps *To view deadlines for other users:*

1. Navigate to the **Deadlines** page in the left menu while logged in as a non-admin user.
2. At the top of the screen, select the **All students with educational interest** checkbox.

¹ *Deadlines are assigned to whomever the owner of the document that triggered the deadline was.*

² *A user is considered to have an educational interest in a student if they have at least view access to at least one document for that student (whether explicitly or implicitly).*
