RTI/MTSS in Ohio
September 22, 2023

We're excited to announce that RTI/MTSS is now available in SameGoal for Ohio! We've added new forms, deadlines, and program participation tracking.

Forms

 **Tip** With the addition of new forms, administrative users will need to update user role permissions in order for the forms to be accessible to non-admin users.

New forms added:

- Tier 2 RTI Plan
- Tier 2 RTI Progress Report
- Tier 2 RTI Follow-Up
- Tier 3 RTI Plan
- Tier 3 RTI Progress Report
- Tier 3 RTI Follow-Up

The typical progression of these documents is Plan, Progress Report, Follow-Up. Tier 2 and tier 3 documents are very similar but are kept separate to help track a student's movement between tiers.

Deadlines

When a user completes an RTI plan document, a RTI Follow-Up deadline is calculated based on the recommended follow-up date listed in the plan.

When a user completes an RTI follow-up document, if the decision was made to continue with either tier 2 or tier 3, an RTI Plan deadline is calculated based on the recommended follow-up date listed in the follow-up document.

For more information, visit the [RTI/MTSS Deadlines support guide](#).

Program participation

Once an initial RTI plan document is completed for a student, they are considered to be “participating” in RTI as of the start date listed in the document.

The participation status will indicate which tier the student is in based on which plan document has been created for them/the decision made in the follow-up document (continue/move to tier 2/3).

A student will exit the program if in the RTI follow-up document, the decision is made that the child no longer requires any tier 2 or tier 3 interventions.
