Scheduled Maintenance

July 12, 2022

We typically perform routine maintenance once each summer for major server upgrades and increases in server capacity to address significant increases in our customer base.

SameGoal will be offline beginning Friday, 7/22/22 at 5pm ET for planned maintenance. This planned maintenance window extends through Sunday, 7/24/22 at 9am ET. However, it is likely that maintenance will not require the full window.

A message regarding this planned maintenance will appear on the login page. Once maintenance is complete, this message will be removed.
