Status Page

SameGoal Status Page
May 3, 2024

SameGoal has a new status page where users can check the status of the application and get up-to-date information on disruptions and outages.

To check the status of an issue, visit samegoal.app and click on one of the notification icons for more information. When an issue is resolved, we will post an update and change the status back to **Available**.

If you are experiencing a problem not listed on the status page, please contact the Help Desk.
