User Experience Survey

User Experience Survey
November 21, 2025

User feedback is incredibly important to us at SameGoal. As a living system that's always growing, we rely on district input to help guide what we improve next.

That's why we are conducting a User Experience survey in order to proactively gather feedback from end users. This survey is quick and optional, and we would greatly appreciate it if you took a couple minutes to provide your feedback.
