TestHound Webinar: Back to Testing
September 12, 2025
Last Updated: September 26, 2025

> **Watch the recording:** Back to Testing

The start of the school year means new students, updated IEPs, and the rush of assessments. For testing coordinators, this often comes with added pressure to ensure everything runs smoothly from day one.

That's why we're excited to share that SameGoal will be joining TestHound for an upcoming webinar: **Back to Testing: Real Talk on Accommodations, Accuracy, and Avoiding the Chaos**.

Date	Day	Time
09/23/2025	Tuesday	1:00 PM CT / 2:00 PM ET

During this webinar, product experts from SameGoal and TestHound will dive into the real challenges of managing testing accommodations and share strategies for building consistency, ensuring compliance, and keeping calm during testing season.

This is your chance to learn, ask questions, and bring back strategies that can make testing smoother for your district.
