

Topaz SigWeb SSL Cert Update 1.7.1

Topaz SigWeb SSL Cert Update 1.7.1
October 2, 2022

We recently received communication that Topaz SigWeb required users to upgrade to version 1.7.1+ to renew a soon to expire SSL certificate. SameGoal Plus and Pro edition users who use Topaz signature pads will need to update their driver effective October 2, 2022.

For more information, visit [SigWeb](#) to download the installer.
