Admin-Only Deadlines Report
February 28, 2025

We've added a new, admin-only **Deadlines** report that returns upcoming deadlines for all special programs. This report can be found by going to **Reports** > **System** > **Deadlines**.

This new report gives administrative users another way to easily see all upcoming deadlines in one place. Now, this information can be viewed on the **Deadlines calendar** (available to districts on the PLUS or PRO edition of SameGoal), or by running this single report, rather than having to consolidate information from various program-level deadlines reports.
