

Training

Training can be conducted with your district's schedule and particular needs in mind.

- Online training can be setup over Google Meet or Zoom.
- Our recommended training for non-administrative users is 2-2.5 hours.
- Our recommended training for administrative users is 1.5-2 hours.
- We recommend leaving the last 30 minutes of each training open for questions (also provides some flexibility in scheduling).
- We recommend up to 50 users per session (so that questions are manageable).
- Trainings cancelled less than 24 hours in advance are non-refundable or transferrable.
