

Revocation of Consent

While a student is participating in Special Education, their parents may revoke consent for services at any time. If they do this, the school must send a **Confirmation of Revocation of Consent & Prior Written Notice of Termination of Services**. Parents may revoke consent via written or oral communication.

Revocation of Consent

If parents revoke consent via written communication, a confirmation will need to be sent within 10 days.

Steps *To revoke consent via written communication:*

1. Parent fills out one of the consent documents in SameGoal indicating they decline consent.
2. Mark the consent document complete.

4. Enter the date.
5. Select **written** for the type of communication.
6. Provide the date of the revocation.
7. Fill out the rest of the document.
8. Mark the document complete.

If parents revoke consent via oral communication, a written summary will need to be provided to them within 5 days, and a confirmation will need to be sent within 10 days. If the confirmation is sent within 5 days, the written summary can be included on the form as an attachment.
