

Parent Denials

Parent denial of English learner services

A parent may choose to deny consent for English learner services, but if they do so, the student will still be considered an English learner. The school will continue to monitor them until two years after they have been determined to be English proficient.

Steps *To complete parent denial documentation:*

1. When a parent denies consent to initial entry, continuation or re-entry to the English learner program, create a **Notification of Denial of Consent for English Language Program**.
 - This will need to be completed within 14 days of initial denial of consent.
2. Share the document with the parents.
3. The parents will need to sign off that they are aware of the implications of denying consent and confirm their denial.
4. Complete the document and continue to monitor the child.
