

## Early Intervention: Initial Referral

- Referral
- Evaluation
- Plan

### Referral

If a child is suspected to have a disability, they may be referred to special education.

**Steps** *To initiate a special education referral:*

1. Create a **Referral for Initial Evaluation**.
2. Select **Preschool Early Intervention**.
3. Provide background information including educational history and standardized test scores, and include supporting evidence.
  - Supporting documents may be included as an attachment.
4. Whoever is initiating the referral will sign and date the document.
5. Share the document with whoever will be receiving the referral (typically a special education director).
  - Transfer document ownership to this person if future deadlines should be assigned to them.
6. Whoever is responsible for processing the referral should then sign and date.
7. Complete the document.

## Evaluation

Once the child has been referred for special education, the school must notify the parents and obtain consent to evaluate. The parents must be notified within 10 days of the referral.

**Steps** *To notify the parents and obtain consent:*

1. Create a **Permission To Evaluate - Preschool Early Intervention**.
2. Provide details about the proposed evaluation.
3. Provide contact information.
4. Enter the date sent.
5. Share the document with the parents.
6. Once the parents respond, a staff member can fill out the **Date of Receipt** field and mark the document complete.

If the parents consent to an evaluation, the school may begin the evaluation process. The evaluation must be conducted within 60 days of consent.

**Steps** *To evaluate a child for special education:*

1. Create an **Preschool Early Intervention Evaluation Report**.
2. Select **Initial** evaluation.
3. Enter relevant dates.
4. Fill out the following sections:
  - Demographic Information
  - Participants in the Evaluation
  - Evaluation Background/History
  - Family Information
  - Health, Vision and Hearing Summary
  - Evaluation of Developmental Domains
5. Meet to review the document and provide a summary of findings.
6. Make an eligibility determination.
7. Provide recommendations
8. Mark the document complete.

9. Share a copy of the document with the parents.

## Plan

If the child is found eligible for services, they will need an IEP developed. Before meeting to review the IEP, invite the parents to the meeting.

**Steps** *To invite the parents to the IEP meeting:*

1. Create an **Early Intervention - Invitation to Participate in the IEP Team Meeting or Other Meeting**.
2. Enter the date sent.
3. The purpose should be **Discuss the results of the team evaluation of your child**.
4. Provide information about the meeting.
5. Share the document with the parents.
6. The parents can then fill the document out with their plans to attend.
7. Once the parents respond, a staff member can fill out the **Date of Receipt** field and mark the document complete.

The IEP must be completed with 30 days of the evaluation.

**Steps** *To develop the IEP:*

1. Create an **Individualized Education Program - Early Intervention**.
2. Click **add Meeting** and enter the meeting data and select **Initial IEP** as the purpose of the meeting.
3. Fill out the following sections:
  - Demographics and IEP Team Membership
  - Child and Family Information
  - Special Considerations (factors checked "Yes" must be addressed in the IEP)
  - Measurable Result/Outcome/Goal
  - Early Intervention Services
  - Participation in Early Childhood Environment
  - Participation with Typically Developing Children
  - Early Intervention Services During Scheduled Breaks
  - Transition Plan (if applicable)
4. Share the document with the parents and meet to review the plan.

5. All participants must sign the document.
6. The parents will also need to sign off that they received a copy of the **Procedural Safeguards Notice**.
7. Mark the document complete.

After the IEP is finalized, the school will need to notify the parents of the student's educational placement and obtain consent to provide services.

**Steps** *To notify the parents and obtain consent:*

1. Create a **Early Intervention - Notice of Recommended Educational Placement/Prior Written Notice**.
2. Select **Your child should begin to receive Preschool Early Intervention services as shown in the Individualized Education Program (IEP)** as the type of action proposed.
3. Provide details about the recommended placement.
4. Enter in contact information.
5. Share the document with the parents and enter the date sent.
6. The parents can then provide their consent decision and sign the document.
7. Once the parents respond, a staff member can fill out the **Date of Receipt** field and mark the document complete.

Once the document is completed, if the parents granted their consent, the student will be enrolled in the program.
