

Find District Domain

Each district is associated with a domain in SameGoal. This domain is used in your district-specific login page URL, as well as in URL parameters for some integrations.

Steps *To most easily find your district's domain:*

1. Visit the district directory (make sure you are logged out).
2. Search for your district. Your district's domain is shown in the search results.
3. If you click your district in the search results, district domain can be found in the URL bar (URL format **[https://samegoal.com/iep/a/\[domain\]](https://samegoal.com/iep/a/[domain])**).
