

Focus Demographics Integration

This integration imports student and parent demographics data from Focus into SameGoal on a nightly basis. Demographics information appears on each student's "Details" tab in SameGoal, and auto-copies into documents as they are created for each student.

Setup

Steps *To setup demographics integration with Focus:*

In Focus

- As an administrator in the Focus portal, visit Setup > System Setup > Third Party Systems.
- Create a new record:
 - Title: SameGoal
 - Dialect: OneRoster 1.2
- Provide read access to the following items:
 - Address
 - Assignment
 - Assignment Category
 - Contact
 - Contact Detail
 - Course
 - Demographic
 - Enrollment
 - Grade
 - Marking Period
 - Organization

- School
- Section
- Student
- Student Grade
- Token
- User

Copy/paste the **API URL**, **Client ID** and **Client Secret** for entry into SameGoal.

In SameGoal

- Login to SameGoal as an administrative user.
- Visit **Settings** (left menu) > **District Information**.
- Under **STUDENT INFORMATION SYSTEM INTEGRATION**, locate **Focus**.
- Click "add Nightly Demographics". Enter **API Base URL**, **Client Key** and **Client Secret**.

 **Tip** This integration runs nightly. Students should appear from Focus the following morning in your environment.
