samegoal

SFTP Tools

SameGoal uses SFTP to transfer confidential information for integrations. GUI (graphical user interface) or command line programs are recommended for one-time uploads or connections. Scripts are recommended for routine/automatic uploads. Recommended SFTP tools for various platforms include:

- Windows: WinSCP (GUI), SG-Agent (script)
- Mac: Cyberduck (GUI), OpenSSH (cmd line), SG-SFTP (script)
- Linux: OpenSSH (cmd line), SG-SFTP (script)
